SUMMARY: On June 6, 2017, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on welded carbon steel standard pipe and tube products (welded pipe and tube) from Turkey. The period of review (POR) is May 1, 2015 through April 30, 2016. The review covers the following producers/exporters of the subject merchandise: Borusan Istikbal Ticaret T.A.S. (Borusan Istikbal) and Borusan Mannesmann Boru Sanayi ve Ticaret A.S. (Borusan Mannesmann) (collectively, Borusan); Toscelik Profil ve Sac Endustrisi A.S., Tosyali Dis Ticaret A.S., and Toscelik Metal Ticaret A.S. (Toscelik Metal) (collectively, Toscelik); Borusan Birlesik Boru Fabrikalari San ve Tic (Borusan Birlesik); Borusan Gemlik Boru Tesisleri A.S. (Borusan Gemlik); Borusan Ihracat Ithalat ve Dagitim A.S. (Borusan Ihracat); Borusan Ithicat ve Dagitim A.S. (Borusan Ithicat); Tubeco Pipe and Steel Corporation (Tubeco); Erbosan Erciyas Boru Sanayi ve Ticaret A.S. (Erbosan); and Yucel Boru ve Profil Endustrisi A.S., Yucelboru Ihracat Ithalat ve Pazarlama A.S., and Cayirova Boru Sanayi ve Ticaret A.S. (collectively, the Yucel Group). Based on our analysis of the comments received, we have made certain changes in the margin calculations. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled, “Final Results of the Review.” Further, we continue to find

that Erbosan, Borusan Birlesik, Borusan Gemlik, Borusan Ihracat, Borusan Ithicat, and Tubeco had no reviewable shipments of subject merchandise during the POR.

SUPPLEMENTARY INFORMATION:

Background

On June 6, 2017, the Department published the *Preliminary Results* of this review in the *Federal Register*.¹ We invited parties to comment on the *Preliminary Results*. On July 20, 2017, we received a case brief from petitioner Wheatland Tube Company (Wheatland Tube). On July 28, 2017, we received a rebuttal brief from Borusan.² The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is welded pipe and tube. The welded pipe and tube subject to the order is currently classifiable under subheading 7306.30.1000, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085, and 7306.30.5090 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes only. The written description is dispositive.³

² As explained in the *Preliminary Results*, the Department treated Borusan Mannesmann Boru Sanayi ve Ticaret A.S. and Borusan Istikbal Ticaret T.A.S. as a single entity in this administrative review. See Preliminary Decision Memorandum, at 1 n.1.

³ A full written description of the scope of the order is contained in the memorandum to Gary Taverman, “Issues and

Final Determination of No Shipments

In the *Preliminary Results*, the Department determined that Erbosan, Borusan Birlesik, Borusan Gemlik, Borusan Ihracat, Borusan Ithicat, and Tubeco had no shipments during the POR.⁴ Following publication of the *Preliminary Results*, we received no comments from interested parties regarding these companies. As a result, and because the record contains no evidence to the contrary, we continue to find that Erbosan, Borusan Birlesik, Borusan Gemlik, Borusan Ihracat, Borusan Ithicat, and Tubeco made no shipments during the POR. Accordingly, consistent with the Department's practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of merchandise produced by Erbosan, Borusan Birlesik, Borusan Gemlik, Borusan Ihracat, Borusan Ithicat, and Tubeco, but exported by other parties without their own rate, at the all-others rate.⁵

Further, while Borusan Istikbal submitted a no-shipment certification, we continue to treat it as a single entity with Borusan Mannesmann, as there is no record evidence that warrants altering this treatment. Because we continue to find that Borusan had shipments during this POR, we do not make a final determination of no shipments with respect to Borusan Istikbal.⁶

Changes Since the Preliminary Results

Based on our analysis of the comments received, we made certain changes to the *Preliminary Results*. For a full discussion of these changes, *see* Issues and Decision Memorandum.

Final Rates for Non-Examined Companies

The statute and the Department's regulations do not address the establishment of a rate to be applied to companies not selected for examination when the Department limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, the Department looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual review in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

In this review, we have calculated a weighted-average dumping margin for Borusan that is not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, the Department assigns to the companies not individually examined the 1.55 percent weighted-average dumping margin calculated for Borusan.

Final Results of the Review

As a result of this review, we determine that the following weighted-average dumping margins exist for the period May 1, 2015 through April 30, 2016:

Producer or Exporter	Weighted-Average Dumping Margin (percent)
Borusan Mannesmann Boru Sanayi ve Ticaret A.S./Borusan Istikbal Ticaret T.A.S.	1.55
Toscelik Profil ve Sac Endustrisi A.S./Tosyali Dis Ticaret A.S./Toscelik Metal Ticaret A.S. ⁷	0.00
Yucel Boru ve Profil Endustrisi A.S.	1.55
Yucelboru Ihracat Ithalat ve Pazarlama A.S.	1.55
Cayirova Boru Sanayi ve Ticaret A.S.	1.55

⁷ In prior segments of this proceeding, we treated Toscelik Profil ve Sac Endustrisi A.S., Tosyali Dis Ticaret A.S., and Toscelik Metal as a single entity. *See, e.g., Welded Carbon Steel Standard Pipe and Tube Products from Turkey: Final Results of Antidumping Duty Administrative Review; 2012–2013*, 79 FR 71087, 71088 n.8 (December 1, 2014). However, in a prior review, we found that Toscelik Metal has ceased to exist. *Id.* There is no record evidence that warrants altering this treatment. Therefore, for these final results, we are treating Toscelik and Tosyali as a single entity, and continue to find that Toscelik Metal no longer exists.

Disclosure

We intend to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the *Federal Register*, in accordance with 19 CFR 351.224(b).

Assessment

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1).

For Borusan, because its weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent), the Department has calculated importer-specific antidumping duty assessment rates. We calculated importer-specific *ad valorem* antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total entered value associated with those sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not zero or *de minimis*. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the importer-specific assessment rate is zero or *de minimis*.

For Toscelik, we will instruct CBP to liquidate its entries during the POR imported by the importers identified in its questionnaire responses without regard to antidumping duties because its weighted-average dumping margin in these final results is zero.⁸

For companies that were not selected for individual examination, we will instruct CBP to liquidate unreviewed entries based on the methodology described in the “Final Rates for Non-

⁸ See *Antidumping Proceeding: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8103, 8103 (February 14, 2012).

Examined Companies” section, above.

Consistent with the Department’s assessment practice, for entries of subject merchandise during the POR produced by any company upon which we initiated an administrative review, for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates will be equal to the weighted-average dumping margins established in the final results of this review; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company was reviewed; (3) if the exporter is not a firm covered in this review, a previous review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 14.74 percent, the all-others rate established

⁹ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

in the LTFV investigation.¹⁰ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.¹¹

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5) of the Department's regulations.
